

CROSSPOINT CHRISTIAN ACADEMY UNIFORM POLICY

K5 THROUGH HIGH SCHOOL

CCA's Uniform dress code is an important tool in fulfilling and communicating its vision and purpose. A dress code provides opportunity to teach principles of Godly living, and to build character in students. It creates a sense of school identity and unity, and encourages academic excellence. It communicates to those who meet CCA students the character of the school.

Christian parents are responsible to teach Biblical principles of how our dress and personal appearance express our heart and affect our community life. It is understood that there is no one dress code that will please all parents. However, students and parents who enroll their children must commit themselves to support the dress code CCA has adopted. The Uniform dress code is not for debate or discussion. The attitude of parents is the primary factor in the attitude of students toward the dress code. This dress code will be successful if parents support the spirit of what it is intended to achieve.
